

# QINGDAO HAINUO GROUP

## About us

Hainuo Group was founded in 2004 and now has more than 20 subsidiary corporations. Our headquarter is located in Jiangshan industrial park in Laixi, Qingdao, which is very close to the main highway, Huashan International Golf Course, Qingdao International Airport and Qingdao Harbor. Our factory covers an area of 220,000 square meters with super geographical position and convenient transportation.

We have a dozen up-to-date factories, multiple Class 100,000 cleanrooms and Class 300,000 cleanrooms, modern logistics and storage facilities, advanced production facilities and detecting instruments. More than 2,000 professional staffs devote themselves to their job and the development of Hainuo, a lot of them are experts, professors and licensed pharmacists from Chinese Pharmaceutical Association as well as the State Council. We also have technology support and cooperation of many research institutions and companies from USA, Germany and Taiwan, China.

Hainuo keeps moving forward and we're always open to your ideas and advices. Please don't hesitate to let us know if you're interested in working with us and a deeper level of cooperation!

## OUR BRANDS

*HYNAUT for Overseas Market*

*HAINUO for Domestic Market*

## Ethyl Alcohol Prep Pad

Hynaut Ethyl Alcohol Prep Pad is made of spunlace non-woven fabric, saturated with 75% ( $\pm 5\%$ ) ethyl alcohol.

### FEATURES:

△ Topical antiseptic helps to reduce bacteria on the skin and makes these pads ideal for use prior to injections.

△ Ideal for removal of oils and residue from skin.

△ Each pad is individually wrapped and sealed to keep it protected and moist.

## Chitin Adhesive Bandage

Chitin is the only positively charged cellulin that has ever been discovered in nature, it has powerful adsorption and inhibitory effect against negatively charged harmful substances, such as bacteria, fungus and virus. Therefore, it has significant effect against staphylococcus aureus, colibacillus, Candida albicans, gram-positive bacteria etc. With histocyte-friendly glucosamine and fibrocyte suppressing, chitin can also accelerate tissue repair and limit scarring.

HYNAUT chitin adhesive bandage can be used for superficial trauma or bruise in/above the shallow-layer skin. Meanwhile it provides an ideal healing condition for wound surface and skin injury.

### Features:

- ✓ Accelerates wound healing
- ✓ Inhibits scar formation
- ✓ Superior hemostatic function and pain relief
- ✓ Significant bacteria inhibition

Variety	Specification	Packing
Chitin Adhesive Bandage	72 x 22mm	8 pcs/box, 200 boxes/carton

## Pressure-sensitive Adhesive Tape (Cotton Fabric Series)

HYNAUT pressure-sensitive adhesive tape adopts high-quality adhesive from German Henkel to ensure it is durable sticky and hypoallergenic. The surface is made of non-woven fabric, which is very light and easy to tear off. This product can provide durable adhesion for wound dressing, bandage, etc. so that a reliable fixation can be effected. It's used to contact directly with intact skin, instead of wound surface.

### Features:

- ✓ Premium cotton fabric
- ✓ German Henkel high-quality adhesive, durable adhesion
- ✓ Medical grade adhesive, hypoallergenic
- ✓ Easy to peel off, convenient and fast
